Web Master Report: Hello Ozark Area

The web site is doing fine. If there are any activities that a group or committee would like posted on the web-page please get a flyer or the information to me. Please use white background paper and make them vertical. I have made some corrections to the schedules both paper and on the web page. I have also made some schedule change sheets for new groups and any changes you want on the schedule.

RCM Report: Hello Ozark Area

Just a friendly reminder to GSR's I will need your votes on the regional resume

form, individual resumes and the motions by September OASC meeting. If any group has any up coming events that they would like other areas in our region to know about, make a flyer and I will take it to the next region in October.

At our last area business meeting I ask our webmaster if he would check to make sure our meeting addresses and into was correct at the world level. I talked to Kenny C. yesterday about being our web servant for the area. I am giving Kenny our Regional Delegates phone number so he can find out what will be involved., and lastly, 2009 membership survey. This is done every couple of years to gather info about our members. This survey is due at the end of the year (Dec. 31, 2009). I have given all GSR's present, a copy of the survey, to take back to their groups. There is a email, mailing address and a fax number. I am going to leave it up to the groups to take the survey and send in the results in by the deadline of Dec. 31, 2009. I know the region and the world would like everyone to be involved in this survey. Thanks again for letting me be part of.

Love and service, Brian C.
